4. First Aid Measures

General Advice If medical advice is needed, have the product container or label at hand. Move the person out of the exposure area and take off contaminated clothing.

Inhalation Move to fresh air. Seek medical attention if symptoms persist.

Skin Contact Take off contaminated clothing and wash it before reuse. Wash skin with plenty of soap and water. If skin irritation or rash occurs, get medical advice.

Eye Contact Rinse cautiously with water for several minutes; remove contact lenses, if present and easy to do. Seek medical attention if irritation persists.

Ingestion Rinse mouth with water. Call a POISON CENTER or doctor if the person feels unwell.

Most Important Symptoms Nausea, vomiting and abdominal discomfort if swallowed; allergic skin reaction (itching, rash).

Notes to Physician Treat symptomatically.

5. Firefighting Measures

Suitable Extinguishing Media Foam, carbon dioxide (CO_2), dry chemical powder, water spray.

Unsuitable Extinguishing Media Water jet (may spread fire).

Special Hazards Flash point: >100 °C. Combustion produces carbon oxides.

6. Accidental Release Measures

Personal Precautions	Avoid contact with skin and eyes. Use protective equipment. Caution: spilled product may create slippery surfaces.
Environmental Precautions	Toxic to aquatic life with long lasting effects. Prevent entry into drains, waterways and soil. Inform the relevant authorities if the product enters surface water or sewers.
Containment and Cleanup	Collect spillage. Absorb with inert absorbent material, sand or earth and place in closed, labelled containers. Dispose of as hazardous waste (see Section 13).

7. Handling and Storage
